

Al-Farabi Kazakh National University

Al-Farabi Kazakh National University was established in 1934 in Almaty, Kazakhstan. It is ranked as the top medical university in Kazakhstan by 4ICU. The university offers MBBS programs in English for international students pursuing MBBS in Kazakhstan. The fee structure at Al-Farabi Kazakh National University includes an annual tuition fee ranging from \$4,500 to \$4,950, and hostel fees between \$600 and \$1,000 per year. Additionally, students should budget for monthly living expenses of approximately \$100 to \$120. According to the FMGE report, the university has a passing rate of 51.08%. The autumn admission session is scheduled for July-August 2025. Al-Farabi Kazakh National University offers a wide range of undergraduate and postgraduate programs across various disciplines, with a strong emphasis on research and innovation.

Al-Farabi Kazakh National University (KazNU) celebrates its annual graduation ceremony, known as "KazNU Graduate Day," on the last Saturday of May. This event is a significant milestone for graduates and the university community. In 2023, the ceremony was held outdoors for the first time, in front of the U.A.

Dzholdasbekov Palace of Students, with over 3,000 graduates participating. The festivities commenced at the Triumphal Arch "Mangilik El," where graduates gathered alongside alumni celebrating milestone anniversaries. A solemn flower-laying ceremony at the monument to Al-Farabi followed, attended by 200 graduates in academic robes. The event featured performances by Kazakh pop stars and university students, including modern dances and a valedictory waltz, culminating in faculty-specific celebrations.

In 2024, KazNU awarded degrees to 3,702 graduates, comprising 2,143 bachelor's degree recipients (659 with honors) and 1,559 master's degree recipients. Notably, 1,325 international students from nearly 60 countries were among the graduates. The ceremony was attended by prominent figures, including Rector Zhanseit Tuimebayev and Alumni Association President Kairat Mami, who offered congratulatory speeches emphasizing the importance of education and lifelong learning. The event concluded with a concert showcasing the talents of university students. The Director of ICD also attended and shared his views on the importance of international collaboration in advancing medical science and education.
