Study at Patan Academy of Health Sciences

About PAHS

Established in 2008 by an act of the Nepalese Parliament, Patan Academy of Health Sciences (PAHS) is a public medical institution located in Lalitpur, Nepal. Affiliated with Tribhuvan University, the oldest university in Nepal, PAHS was founded to train healthcare professionals for rural and underserved areas.

The MBBS program at PAHS is a six-year course that includes rigorous academic learning and hands-on clinical training. Most of the clinical exposure happens in rural health settings and Patan Hospital—its primary teaching hospital. The academy also offers postgraduate programs like MPH, MD/MS, and various nursing degrees.

Recognized by WHO, FAIMER, NMC (India), and the Nepal Medical Council, PAHS is internationally respected for its unique blend of academic excellence and community-based education.

Why Choose PAHS for MBBS?

Recognized by WHO, NMC (India), FAIMER, and ECFMG (USA)
Focus on rural medicine and underserved populations
Affiliated with Patan Hospital, a leading teaching hospital
Innovative curriculum with medical humanities and community exposure
Globally respected faculty and active research culture
Opportunities for international collaborations and student exchange
No IELTS/TOEFL required for Indian applicants
Modern infrastructure with access to digital libraries and labs

Why Study in Nepal?

Nepal offers Indian students the advantage of NEET-based admission, English-medium instruction, affordable fees, and cultural similarity. Institutions like PAHS deliver high-quality medical education with strong practical exposure. The safe, welcoming environment and short travel distance from India make Nepal a preferred MBBS destination.

Life at PAHS

Student life at PAHS is academic, immersive, and purpose-driven:

Clinical training in real-world rural health centers
Fully equipped hostels with Indian food available
Regular cultural activities, medical camps, and research events
Convocation ceremonies celebrating achievements of students
Academic exposure through seminars and global partnerships
Diverse student body and inclusive campus culture

Features

Community-Focused Healthcare Education
Teaching Hospital: Patan Hospital
Recognized by Global Medical Bodies
Strong Public Health and Humanities Curriculum
Student Exchange and Global Networking Opportunities

Location

NEPAL, Lalitpur – Kathmandu Valley
