Study at KIST Medical College

About KIST Medical College

Established in 2006, KIST Medical College and Teaching Hospital (KISTMCTH) is a reputed private institution located in Imadol, Lalitpur, near Kathmandu, Nepal. Affiliated with the Institute of Medicine under Tribhuvan University, KIST is recognized by the Nepal Medical Council (NMC) and the World Health Organization (WHO).

The MBBS program is structured as a 5.5-year course—4.5 years of academic study followed by a 1-year internship. KIST also offers programs like BDS, Bachelor of Pharmacy, and B.Sc. in Medical Laboratory Technology, providing students with a broad platform in the health sciences.

KISTMCTH is home to a 550-bed teaching hospital, offering round-the-clock emergency care, ICU, NICU, radiology, diagnostics, and specialized services. Students receive real-time clinical exposure and are trained with state-of-the-art medical equipment. The campus includes advanced laboratories, AC classrooms, a well-stocked library, and separate hostels for boys and girls.

Why Choose KIST Medical College for MBBS?

Affiliated with Tribhuvan University – Nepal's top academic institution

Recognized by WHO and NMC (India)

NEET qualification accepted for admission

550-bed multi-specialty hospital for clinical training

Low cost of living and travel from India

English-medium instruction with high NMC passing rates

Safe, peaceful learning environment away from city noise

Balanced curriculum of theory and practicals

Hostels, labs, library, and sports facilities on campus

Why Study MBBS in Nepal?

Nepal has emerged as a prime choice for Indian students due to its proximity, affordability, and academic compatibility:

MBBS curriculum aligned with Indian standards

Accredited medical colleges recognized by NMC and WHO

Budget-friendly tuition and living costs

High NMC pass rates among Nepal graduates

Culturally and linguistically similar environment

Life at KIST Medical College

Life at KISTMCTH is holistic, offering academic excellence with personal development:

Air-conditioned lecture halls and modern labs

Fully equipped hostels with Indian food options

Sports areas, canteen, and student recreation zones

24/7 emergency medical services on campus

Graduation & Farewell Program held annually to celebrate achievements

Global exposure through participation in academic and cultural events

Features
