About Nicolae Testemitanu

Established in 1945, Nicolae Testemitanu State University of Medicine and Pharmacy is Moldova's premier public medical institution, located in the capital city, Chişinău. It offers

internationally recognized MBBS, Dentistry, and Pharmacy programs, taught entirely in English for global students.

The university is accredited by WFME, WHO, and NMC (India), and provides a multicultural learning experience with students from over 30 countries. Its low tuition fees (€4,000–€5,000 per year) and affordable living costs make it one of the most accessible destinations for aspiring medical professionals.

### **Why Choose Nicolae Testemitanu for MBBS?**

Recognized by WHO, WFME, NMC (India), and SCImago

English-medium programs for international students

No entrance exams required for most foreign applicants

Over 95 affiliated clinics for clinical training

Early hands-on experience in top hospitals like Timofei Moșneaga

Affordable tuition and cost of living

Globally valid degree eligible for USMLE, PLAB, FMGE

Government-funded public university

Active multicultural student community

### **Why Study in Moldova?**

Moldova offers quality European-standard education at an affordable cost. Its safe environment, low living expenses, and welcoming atmosphere make it a top emerging destination for international medical students. With global recognition and modern infrastructure, Moldova is an ideal choice for MBBS abroad.

### **Life at Nicolae Testemitanu University**

Student life in Chișinău is dynamic and supportive:

University-organized cultural and scientific events

Access to modern labs and simulation centers

Government hostels for students

Low-cost accommodation and Indian food availability

Participation in international congresses like MedEspera

Sports, contests, and social events throughout the year

A vibrant international community and personal mentorship

### **Features**

Post Graduation Permit

Eligible to appear for international licensing exams like USMLE, PLAB, FMGE

Internship Participation

Clinical exposure in 95+ affiliated clinics from early years of study

### **Location**

MOLDOVA, Chişinău
