## Study at Bukhara State Medical Institute

### About Bukhara State Medical Institute

Bukhara State Medical Institute (BSMI), established in 1990, is one of the top government medical universities in Uzbekistan, known for delivering affordable, globally recognized MBBS education. The institute offers high academic standards, modern infrastructure, and an English-medium MBBS program tailored for international students.

Recognized by WHO, NMC (formerly MCI), FAIMER, and WFME, BSMI ensures that Indian students receive quality education with international relevance. The university actively promotes student research, clinical exposure, and practical training in affiliated hospitals.

## Why Choose BSMI for MBBS?

Globally recognized MBBS degree  
English-medium instruction from day one  
Affordable tuition and low cost of living  
Direct admission – No entrance exam required  
Modern labs, simulation centers & affiliated hospitals  
Indian mess & comfortable hostels available  
NMC/WHO listed – eligible for FMGE and USMLE

### **Why Study MBBS in Uzbekistan?**

Uzbekistan has rapidly emerged as a trusted destination for Indian medical aspirants. It offers a peaceful environment, high education standards, and cultural familiarity. With close ties to India, many Uzbek universities cater specifically to Indian student needs, including food, festivals, and career pathways.

### **Life at Bukhara State Medical Institute**

Life at BSMI blends academic rigor with vibrant campus life. Students benefit from:

Fully equipped hostels with Indian cuisine  
Student exchange programs and cultural events  
Real-time clinical training in teaching hospitals  
Interaction with peers from multiple countries  
Safe campus with high-standard living facilities

BSMI offers a nurturing environment where students grow academically, socially, and professionally.

### **Features**

Post-Graduation Opportunities  
Graduates are eligible to practice globally, including India, USA, UK, and more.  
Co-op/Internship Participation  
BSMI emphasizes hands-on clinical rotations in affiliated hospitals from the 3rd year onwards.
