Study at Andijan State Medical Institute

About Andijan State Medical Institute

Andijan State Medical Institute (ASMI), established in 1955, is one of Uzbekistan's top government medical universities, especially renowned for its MBBS program for international students. ASMI offers a globally recognized medical degree taught in English and ensures students receive hands-on training in affiliated hospitals.

The university is approved by NMC (India), WHO, FAIMER, and other global bodies. With a strong focus on practical training, affordable fees, and a growing Indian student community, ASMI has become a preferred destination for MBBS abroad.

Why Choose ASMI for MBBS?

NMC & WHO-approved MBBS degree
Affordable tuition and living costs
No IELTS/TOEFL required for admission
Practical training in city hospitals
Indian food and hostel options available
6-Year MBBS Program (including 1-year internship)

Why Study in Uzbekistan?

Uzbekistan has emerged as a leading destination for Indian medical aspirants. With a safe, friendly environment, quality infrastructure, and a strong education system, students enjoy a comfortable and career-focused academic journey. Its growing international community and government-supported education make studying in Uzbekistan a smart and secure choice.

Life at Andijan State Medical Institute

Life at ASMI offers a supportive atmosphere with multicultural exposure and modern facilities. Students enjoy:

Fully furnished hostels with separate accommodation for boys and girls

Indian mess and food options

Regular cultural festivals, sports, and events

Practical exposure from the early years in affiliated hospitals

Friendly student community with peers from India and other countries

Andijan's calm, student-friendly environment combined with ASMI's academic strength makes it a top pick for MBBS abroad.

Features

Post Graduation Permit

Co-op/Internship Participation

Students can gain real-time clinical experience during their course through mandatory hospital internships and training.
