## Study at Mkhitar Gosh Armenian-Russian International University

### About Mkhitar Gosh University

Mkhitar Gosh Armenian-Russian International University (MG ARIU), established in 1996, is a prestigious private medical university located in Yerevan, Armenia. Known for its academic excellence and cultural inclusivity, the university is recognized by WHO, NMC, MCI, FAIMER, ECFMG, MCC, and WDOMS, making its medical degrees valid worldwide.

The university offers English-medium MBBS and Dentistry programs, blending traditional and modern medical education with international academic standards. With a mission to nurture globally competent healthcare professionals, MG ARIU attracts students from India, Asia, and beyond. The university supports international student life through community-building, practical learning, and social outreach.

## **Why Choose Mkhitar Gosh University for MBBS?**

Globally recognized MBBS program (WHO, NMC, FAIMER, WDOMS)

No entrance exam required (NEET compulsory for Indian students)

Affordable tuition: \$3000–\$4000 per year

100% English-medium teaching

Internship options available from the second year

Multicultural learning environment

Curriculum aligned with Indian MBBS standards

Practical-based education with experienced faculty

No IELTS/TOEFL required

Safe and well-connected city with Indian student communities

## **Why Study MBBS in Armenia?**

Armenia is emerging as a top destination for affordable and globally recognized MBBS education. With historic ties to India and an emphasis on medical modernization, Armenian universities offer high educational standards, safe cities, and multicultural campuses — making it ideal for Indian students.

## **Life at Mkhitar Gosh University**

At MG ARIU, academics are balanced with cultural, scientific, and community engagement activities. Highlights include:

Practical training through modern hospital collaborations

Educational excursions and museum visits for hands-on science learning

Partnerships with schools and support centers for outreach and career guidance

Celebrations of cultural festivals and heritage for global bonding

Hostel accommodations and food services tailored for international students

In 2024, MG ARIU led various events like the Erebuni-Yerevan Festival and signed a MoU with the “Zatik” Child Support Center, reinforcing its social responsibility values.

## **Features**

Post-Graduation Pathways: Eligible for PG studies in India, USA, UK, Canada

Internship Opportunities: Students can apply for hospital internships from Year 2

Global Recognition: Degree accepted worldwide including India, US, Canada

Modern Campus: Labs, simulation centers, library, and digital classrooms

Indian Support: Indian food, NEET-aligned curriculum, ICD admission guidance
