Study at University of Traditional Medicine, Armenia

About University of Traditional Medicine

Founded in 1991, the University of Traditional Medicine (UTM) is a premier private medical institution in Yerevan, Armenia, offering globally recognized MBBS and dentistry programs. With its unique blend of traditional and modern medical practices, UTM stands out for quality education and cultural diversity.

Recognized by international bodies like WHO, NMC, ECFMG, FAIMER, and WDOMS, the university offers MBBS degrees entirely in English. Affordable tuition, expert faculty, and strong community engagement make it an ideal choice for Indian and international students.

Why Choose UTM for MBBS?

Recognized by WHO, NMC, ECFMG, FAIMER, and WDOMS

Affordable annual tuition fees (\$2000–\$3000)

English-medium instruction with no IELTS/TOEFL needed

Practical training and internships in Armenia-based hospitals

Cultural collaboration with Indian Embassy (e.g., Ayurveda Day)

21.71% FMGE pass rate (2024)

Safe environment with moderate climate ideal for Indian students

Skilled faculty and modern labs for hands-on learning

Why Study in Armenia?

Armenia is emerging as a top destination for MBBS due to its quality education, cost-effective living, and safe international environment. Its strong diplomatic and cultural ties with India make it a welcoming place for Indian students.

Armenian universities are known for their integrated learning approach—UTM combines traditional healing practices with modern science, offering students the best of both worlds.

Life at University of Traditional Medicine

Life at UTM goes beyond academics. From TEDxUTMA to the Innovation in Medicine Conference, students participate in research, cultural events, and social initiatives.

Comfortable hostels and vibrant student communities
Festivals like Ayurveda Day in collaboration with the Indian Embassy
Student-led activities like blood donation drives and workshops
Multicultural peer network and global exposure
Supportive learning environment with personal mentorship

The Director of ICD personally attends key events, ensuring inclusivity and moral support for students throughout their academic journey.
