

# Medical University of Gdansk

Gdańsk Medical University, located in Gdańsk, Poland, is one of the most prestigious and sought-after public medical institutions in the country. Established in 1945, Gdańsk Medical University has built a strong reputation for excellence in medical education and research. The university is officially recognized by the World Health Organization (WHO), the World Federation for Medical Education, the Foundation for Advancement of International Medical Education and Research (WFME), and the National Medical Commission (NMC) of India. Gdańsk Medical University is known for its rigorous academic standards, which help students develop a solid foundation in research, healthcare, and community service. For Indian students, the annual tuition fee for the MD program at Gdańsk Medical University is \$16,417. Hostel accommodations are priced at \$1,514 for the period from October to June, and \$487 for July to September. The estimated annual cost of living, which includes accommodation, food, transport, and other personal expenses, is approximately \$1,218. According to the FMGE Report 2024, Gdańsk Medical University achieved an impressive 100% pass rate, reflecting the high quality of its medical education. The graduation ceremony at Gdańsk Medical University, Poland, is a prestigious and memorable event that marks the successful completion of medical studies for students from around the world. Held annually on the university campus in Gdańsk, the ceremony is attended by faculty members, students, family, and distinguished guests. Gdańsk Medical University ensures that the event reflects the significance of the graduates' hard work and dedication, with formal speeches, award presentations, and

the traditional conferring of degrees. During the ceremony, graduates of Gdańsk Medical University take the Hippocratic Oath, symbolizing their commitment to ethical medical practice. The event is enriched with cultural performances and is often followed by a reception where students and faculty celebrate this milestone. The graduation ceremony at Gdańsk Medical University not only honors academic achievement but also serves as a farewell to the vibrant student life in one of Poland's most respected medical institutions. The event was also marked by the attendance of the Director of ICD, highlighting the university's commitment to supporting graduates in their professional growth.

### **Gdansk Medical University: Recognition & Accreditation**

- National Medical Commission (NMC)
- World Health Organization (WHO)
- World Federation for Medical Education and the Foundation for Advancement of International Medical Education and Research (WFME).

### **Admission Process**

The MD admission process at Gdansk Medical University depends on multiple factors such as academic results, English language skills, and occasionally entrance exam scores. Applicants must have completed 10+2 education with the required minimum aggregate, including either two of the four core subjects or three (Physics, Chemistry, Mathematics, Biology). Candidates applying for the medicine program should hold a foreign high school diploma. Strong knowledge in biology and chemistry is essential since the entrance exam, conducted in English, consists of a written test and a qualifying interview.

## **Gdansk Medical University: Eligibility Criteria**

- The eligibility requirements for admission to Gdansk Medical University include:
- Valid English proficiency certificates like CAE, CPE, TOEFL IBT (at least 75 points), or IELTS (minimum 6.0).
- Possession of a foreign high school diploma.
- Appearance for the entrance exam covering two subjects: Physics and Chemistry.
- Academic grades must be above average.
- Knowledge assessment through the MS Teams entrance examination.
- Proficiency in English language.

## **Gdansk Medical University: Required Documents**

Applicants must submit the following documents to Gdansk Medical University:

- Completed application form for the diploma.
- Academic transcript or record of studies.
- Statement of eligibility.
- Criminal record certificate.
- Proof of English language proficiency.
- Hepatitis B vaccination certificate.
- Valid passport.
- Two passport-sized photographs.
- Official Polish translation of documents.
- Apostille and legalization certificates.
- Recognition certificate from the Department of Education.

**(All Admission procedures will be guided by ICD)**
