

Plovdiv Medical University

Plovdiv Medical University ranks among the top medical institutions in Europe. Situated in Plovdiv, Bulgaria's second-largest city, it's just about a 90-minute drive from the capital, Sofia. The university offers three English-taught programs—Medicine, Dentistry, and Pharmacy—that attract a large number of international students each year, with over 450 new admissions annually. Plovdiv Medical University emphasizes scientific research and publishes the journal *Folia Medica*, which is exchanged with global specialists. In the sections below, you'll find more details about the university, its admission criteria, and what it's like to live in Plovdiv. Established in 1945, Plovdiv medical university is the top medical university in the country with a stellar record in academia, medical facilities, and world-class infrastructure. It is located in Plovdiv, Bulgaria. Plovdiv Medical University provides modern facilities, including laboratories, clinics, and a university hospital with 2,000 beds for hands-on training.

The Medical University of Plovdiv, Bulgaria, hosts its graduation ceremonies annually, celebrating the achievements of its diverse student body. In December

2022, the university held a significant event for the Class of 2022, where Dr. Maria Jana Kingsley-Godwin was honored as the valedictorian, delivering a speech in both English and Bulgarian. This ceremony underscored the institution's commitment to academic excellence and cultural inclusivity.

In October 2024, the Faculty of Dental Medicine conducted a formal graduation ceremony for its 49th cohort at the Ancient Theatre in Plovdiv. The event featured 208 graduates, including 136 Bulgarian and 72 international students from countries such as the UK, Italy, Cyprus, Syria, Turkey, Ukraine, Sweden, Ireland, and North Macedonia. Notably, three graduates received honors for their outstanding academic performance. These ceremonies exemplify the university's dedication to fostering a global medical community, providing students with a platform to celebrate their accomplishments in a historic and culturally rich setting. The ICD Director expressed his strong support for the initiative and praised for promoting inclusive education and international academic collaboration.
