Study at International School of Medicine

About International School of Medicine

Established in 2003, the International School of Medicine (ISM) is one of Kyrgyzstan's most reputed private medical universities. With more than 4,500 students enrolled annually across its three campuses in Bishkek, ISM is a sought-after destination for MBBS aspirants from over 25 countries.

The MBBS program is fully delivered in English and designed to align with global standards. ISM is recognized by WHO, NMC (India), FAIMER, and other international bodies. The

university combines advanced medical training with international exposure and modern infrastructure, making it a strong choice for Indian and international students alike.

Why Choose International School of Medicine for MBBS?

Recognized by WHO, NMC (India), FAIMER, AMEE, EMSA

Entire MBBS program taught in English

Affordable tuition fees compared to other countries

Hands-on training in top hospitals and simulation centers

Globally recognized degree with strong graduate outcomes

Over 25 nationalities in the student community

Modern campus with digital libraries and lab access

Experienced faculty with international training

Indian food and separate hostel facilities available

No IELTS/TOEFL or entrance exams required (except NEET for Indian students)

Why Study in Kyrgyzstan?

Kyrgyzstan offers affordable and globally accepted MBBS education in a safe, multicultural environment. With low tuition fees, simple admission procedures, and English-taught programs, it has become a favored destination for Indian medical students.

Students enjoy a European-style curriculum, scenic landscapes, and international exposure, all within a budget-friendly structure.

Life at International School of Medicine

Life at ISM is dynamic and enriching for every student:

Interactive training with real patient exposure during internship

Access to simulation labs and modern clinical facilities

Celebrations of Indian festivals and multicultural events

Well-equipped hostels with Indian food and hygiene standards

Academic Olympiads, international conferences, and cultural programs

Personal and professional development support

ISM ensures students receive both academic excellence and a vibrant student life experience.

Features

Post Graduation Permit

Graduates eligible to appear for licensing exams in India, USA, UK, and other countries.

Clinical Exposure

Regular hospital rotations and internships through affiliations with top Kyrgyz hospitals.
