

Ain Shams University

Ain Shams University in Cairo, Egypt, is one of the country's most prestigious and historic universities, established in 1950. Its MBBS program is globally recognized, offering high-quality medical education at an affordable cost. The university boasts a modern infrastructure, advanced laboratories, and a curriculum that aligns with international medical standards.

Students benefit from strong theoretical foundations and practical clinical training, with hands-on experience in top-tier Cairo hospitals. The MBBS program is conducted in English, making it accessible for international students. Affordable tuition, especially compared to Western countries, makes Ain Shams a favored choice for Indian and other foreign students seeking a cost-effective, globally accepted medical education.

In 2024, Ain Shams University in Egypt celebrated the graduation of several faculties, marking significant milestones in the academic journeys of its students. The Faculty of Al-Asun at Ain Shams University organized its graduation ceremony for the 2023/2024 batch under the auspices of university officials, including the President of Ain Shams University, Prof. Mohamed Diaa Zain El-Abedeen, and the Dean of the Faculty, Prof. Salwa Rashad. The event emphasized the faculty's commitment to aligning its programs with labor market needs, introducing new translation programs, and providing field training opportunities in collaboration with organizations such as the National Center for Translation and the United Nations.

Additionally, the Faculty of Dentistry at Ain Shams University celebrated the graduation of its 23rd batch of Bachelor of Oral and Dental Medicine students and the fifth batch of the Clinical Dentistry Program. The ceremony, attended by prominent figures including the President of Ain Shams University and the Head of the Dentists Syndicate, highlighted the faculty's achievement in obtaining international accreditation and its dedication to producing distinguished dental professionals.

Furthermore, the Faculty of Computer and Information Sciences at Ain Shams University held a graduation ceremony for its 22nd and 23rd batches. The event was graced by former ministers and university officials, celebrating the accomplishments of approximately 600 graduates. The President of Ain Shams University acknowledged the faculty's pivotal role in the era of digital transformation and commended the graduates for their readiness to contribute to the evolving technological landscape. These ceremonies at Ain Shams University not only honored the academic achievements of the graduates but also underscored the university's commitment to excellence, innovation, and its role in preparing students for professional success in various fields. The Director of ICD also attended and shared his views on the importance of international collaboration in advancing medical science and education.
