

Carol Davila University of Medicine and Pharmacy (Bucharest)

Carol Davila University of Medicine and Pharmacy Bucharest, Romania Overview Established in 1857, Carol Davila University of Medicine and Pharmacy (CDUMP) is one of the oldest and most prestigious medical institutions in Eastern Europe. Named after Dr. Carol Davila, a Romanian physician of French origin, the university has a long-standing tradition of academic excellence, innovation, and international collaboration. Located in Bucharest, Romania's vibrant capital city, CDUMP is renowned for producing world-class medical professionals and researchers. Key Highlights Legacy of Excellence: Over 165 years of contribution to global medicine and healthcare. Multilingual Education: Offers programs in English, French, and Romanian. Global Recognition: Accredited by World Health Organization (WHO), National Medical Commission (NMC), and recognized by European Union, USMLE, and PLAB authorities. Highly Ranked: Among the top 700 universities globally (QS/Edurank rankings). Research-Driven: Strong emphasis on clinical research and scientific innovation. Carol Davila University of Medicine and Pharmacy is a state-run health sciences university in Bucharest, Romania.

Carol Davila University of Medicine and Pharmacy in Bucharest, Romania, hosts its graduation ceremonies as part of the annual "University Days," a tradition that celebrates academic achievements and the institution's rich history. These events are typically held in the "George Emil Palade" amphitheater, where graduates, faculty, and families gather to honor the culmination of years of rigorous medical education. The ceremony often features the singing of "Gaudeamus" by the university's student choir, "Vox Medicalis," creating a poignant and celebratory atmosphere. Distinguished guests, including university officials and notable figures in Romanian medicine, deliver speeches that inspire and reflect on the graduates' journey. In addition to the conferral of degrees, the event may include the awarding of honors such as the "Carol Davila" Diploma to individuals who have made significant contributions to medical science and education. The graduation ceremony is not only a personal milestone for students but also a reaffirmation of the university's commitment to excellence in medical training and research. The event was also marked by the attendance of the **Director of ICD**, highlighting the university's commitment to supporting graduates in their professional growth.
