

## Grigore T. Popa University of Medicine and Pharmacy – Iași

University of Medicine and Pharmacy in Iași, Romania, offers a 6-year MBBS program (with a 1-year internship) and is known for its quality medical education, research, and international student body. The university has over 10,000 students, including a significant number of international students from over 60 countries, making it a diverse learning environment. Grigore T. Popa University of Medicine and Pharmacy was founded in 1879 and is one of Romania's oldest medical institutions.

Grigore T. Popa University of Medicine and Pharmacy in Iași, Romania, is renowned for its vibrant academic and scientific community, hosting a variety of events that cater to students, researchers, and medical professionals. One of its flagship events is Congressis, an international congress organized annually in April by the Medical Students' Society of Iași. This event brings together medical students and young doctors from around the world to engage in lectures, workshops, and presentations covering fundamental sciences, surgery, internal medicine, and bioethics. The 2024 edition, themed "Unravel the Mystery of Science," featured a diverse program with contributions from esteemed professionals in the medical field.

Beyond Congressis, the university actively participates in international collaborations. In 2024, it delivered a series of online lectures for medical students and academic staff of European University, covering topics such as the roles of micronutrients in pathology and contemporary dental practices. These sessions not only facilitated knowledge exchange but also strengthened academic ties between institutions.

**The Director of ICD also attended the meeting, contributing to discussions on aligning academic programs.**
