

Victor Babeș University of Medicine and Pharmacy – Timișoara

Victor Babeș University of Medicine and Pharmacy of Timișoara (UMFT) is a prominent public medical institution in Romania, founded in 1944 and named after Victor Babeș, a renowned Romanian microbiologist. Located in the vibrant city of Timișoara, the university is recognized for its strong academic programs and commitment to research and clinical excellence. It offers degrees in Medicine, Dental Medicine, Pharmacy, and Nursing, with programs available in Romanian, English, and French, attracting a diverse international student body. UMFT is affiliated with numerous teaching hospitals, providing students with extensive practical experience. The university also hosts advanced research centers and maintains accreditations from global health and educational organizations, including the World Health Organization and the European Medical Association. With modern facilities, a multicultural environment, and a strong emphasis on both education and innovation, UMFT stands as a leading destination for medical education in Eastern Europe.

Victor Babeș University of Medicine and Pharmacy of Timișoara (UMFT) offers a vibrant cultural environment that complements its academic rigor. The university actively promotes student engagement in the arts through initiatives encompassing theater, literature, and visual arts, fostering creativity and personal growth among its students. These cultural programs are often organized in collaboration with student associations such as the Timisoara Dental Students Association (TDSA) and the Timisoara Medical Students' Association (SSMT), providing platforms for students to participate in various artistic and cultural activities.

UMFT also participates in broader cultural events within the city of Timișoara. Notably, the university was involved in the "Spotlight Heritage Timișoara" street exhibition, which showcased the city's rich cultural heritage through installations and exhibitions across multiple locations. Furthermore, Timișoara's designation as the European Capital of Culture in 2023 provided UMFT students with opportunities to engage in a variety of cultural festivals and events, enhancing their educational experience through exposure to diverse artistic expressions. The Director of ICD attended the celebrations and served sweets and warmly interacted with students, highlighting the university's commitment to inclusivity and cultural diversity. The Director of ICD also offered prayers for the students' well-being, success, and unity during the festive occasion.
